

Guardian Lions jade sculptures on stand POA

These unique sculptures of two guardian lions are made of natural jade hardstone of white and light green colours. Such colours are the most valuable and expensive because of their natural rarity and beauty. The greatest skill of the master lies in such an accurate depiction of all curves and lines. Sophisticated carved sculptures are beyond praise. Thanks to many years of experience and high skills, the carver managed to achieve the most realistic image. Both lions are made in a unique ancient style. They are carved not just as animals but as mythical creatures. These lions will be guardians for you. You may not worry when they look after you. Therefore, the lion symbolises the divine, solar energy, royal power, strength, courage, wisdom, justice, patronage, and protection. Such a mascot will certainly surprise not only you but also your family with its strength, emotions and the flow of positively charged energy.
