

A pair of Dress Clips by Dorrie Nossiter **£1,950.00**

with approx 10 carats of Almandine Garnets peppered with beautiful Turquoise pips.

Dorrie Nossiter's work is predominantly from the 1930s but her jewellery is closer in style to the Arts & Crafts movement than the Art Deco jewellery being made at that time.

She was a flamboyant figure with a love for champagne. The Arts & Crafts movement was incredibly important for women as, for the first time, their work was given the same platform and recognition as male artists of the time.
