

**Silver & Wood Panel Bracelet with Alpine Motifs | Austrian or German |
c.1950s
POA**

Unusual, characterful, and distinctly mid-century, this silver and wood panel bracelet was made in Austria or Germany around the 1950s.

Each link pairs warm hardwood with engraved silver scenes - deer, birds, horns, and forest foliage - alpine motifs finely rendered against an engine-turned ground.

It measures 18cm and is marked 925 for silver.
