- 9ct White Gold
- Date circa 1970
- Chain length: 18&16inch, 45.72&40.64cm

Q: Why is it called London Blue Topaz?

A: One of the most popular theories for this stone being called London Blue topaz is because London has a bit of topaz prestige tied to it. ... It's the largest cut topaz that has ever been displayed, measuring in at 15 centimetres long and 10.5 centimetres in width and weighing an impressive 9,381 carats in the UK Natural History Museum.
