Q: Is Vermeil better than Gold Plated ?

A: Gold Vermeil is of a higher quality than Gold Plated jewellery. ... But there's an important difference between the two: gold vermeil is of much higher quality than regular gold plating, ensuring your jewellery is made to last. Gold vermeil is of a higher quality than gold-plated jewellery.

Q: How long will Vermeil last?

A: How long does 18k Vermeil last? A lot of years! As long as you're taking care of it and storing it nicely, it should last upwards of 20 years or more! There's no reason to think that just because it's layered in gold it won't last as long as other gold pieces.

Q: What is the meaning of umbrella in your life ?

A: a symbol of unification and sense of feeling protected. An umbrella protects us from heat as well as rains, just as our parents protect us from any harm caused by others.
