A: Gold Vermeil is of a higher quality than Gold Plated jewellery. ... But there's an important difference between the two: gold vermeil is of much higher quality than regular gold plating, ensuring your jewellery is made to last. Gold vermeil is of a higher quality than gold-plated jewellery.

Q: How long will Vermeil last?

A: How long does 18k Vermeil last? A lot of years! As long as you're taking care of it and storing it nicely, it should last upwards of 20 years or more! There's no reason to think that just because it's layered in gold it won't last as long as other gold pieces.

Q: What does a train/locomotive Symbolise?

A: Alternatively, a train means that one may be very methodical. One needs to lay things out specifically and do things in an orderly and sequential manner. In particular, if one dreams about a freight train, then it refers to the burdens and problems that one may be hauling around. It is also symbolic of manual labor.
