**£668.00**

- Natural Cultured Pearl
- 9ct Gold
- import mark Hallmark for London 1969
- Brooch/Pendant

Q: When did people start wearing brooches?

A: The adornment's origins can be linked back to the Bronze Age (2000-500 BC) with the adoption of metal as a common resource. Early societies such as the Greeks, Romans, and Celts found ways to secure and clasp their clothing together, introducing early forms of the decorative brooch.
