

**Downstairs at Grays: A 1.19ct Diamond "Knife Edge" Drop Pendant in 15ct Yellow Gold and Platinum tipped, English, Circa 1925
£5,450.00**

A very fine Platinum tipped, 15ct Yellow Gold (Tested) Diamond "Knife Edge" Drop Pendant. This beautiful "Knife Edge" Pendant suspends a substantial Transition Cut Diamond, in a rub over millegrain edged setting, which has been independently assessed as being of 0.84 Carats, G colour and VS2 clarity. The central drop hosts an articulated joint, supporting a smaller (similarly set) Transition Cut Diamond with a further two Transition Cut Diamonds set to the top of the Pendant. These three Diamonds have been assessed as being of 0.35 Carats (total), G-H Colour and SI Clarity. The total Diamond weight has been independently assessed as being of 1.19 Carats, G - H Colour and VS2 -SI Clarity.

The pendant is suspended from a static 9 ct White Gold Chain (unmarked and tested; stronger than a higher carat chain), with an elongated engraved box and sprung tongue fastener which has been fitted with an additional safety catch. The overall approximate length of the chain is 44 cm and the Pendant drop measures approximately 3.5 cm.

This beautiful pendant is accompanied by an independent Gemmologist's report confirming the above assessment.
