

Solid Sterling Silver - Engine Turned HIP FLASK - A WILCOX - 1939
£900.00

A stunning heavy weight vintage sterling silver 2 piece hip flask.

This premium quality heavy weight piece features a large size, with all over engine turned decoration and with detachable cup. The unusual angular corner has a swing arm with bayonet fitting.

There are no monograms or initials, and the thick gauge of silver would suggest that the main body underneath the cup would suit personalisation.
