

**Aquamarine Diamond Ring in Platinum date circa 1960, SHAPIRO & Co since 1979**  
**£3,250.00**

Q: How do you keep an aquamarine ring shiny?

A: The shampoo you usually use, body wash, or dishwashing soap will do fine. Take a bowl and fill it with warm water and a bit of the soap of your choice. Put the ring in the bowl and leave it for a couple of minutes to soak. Use the toothbrush (soft & new) to clean the gem very gently.

<b>Period</b>	1960s
<b>Condition</b>	Excellent
<b>Materials</b>	Platinum
<b>Main Gemstone</b>	Aquamarine
